We are an **independent** design agency founded in 2003. We are known for our simplicity. Creating **sophisticated** and **imaginative** award winning solutions is what we do best. We are **passionate** about our work and this stems from providing you with amazing solutions time and time again.

Key Facts

- 9+ people based in the UK and Nigeria
- Founded in 2003
- Excellent record in client and staff loyalty
- 11 years experience in design industry
- Equally skilled in on/off-line communications

Inquire. Inspire. Innovate.

Our work methodology can be summed up in three words, Inquire, Inspire and Innovate. Each complimenting the other in a seamless fashion.

Inquire: The first step in solving a problem is understanding it. We first understand your requirements, your expectations and your current situation. This way we ensure you get exactly what you are looking for and in the best way possible.

Inspire: We only take on a task we are 100% we can deliver 100% on. Having fully understood the requirements, we discover, research, and brainstorm the best way of realising them. We look at what is out there and ensure the solution is functional and scalable. Most of all we ensure it airs simplicity.

Innovate: An invention is only a thought until its acted upon. We don't always provide a conventional solution - we think of the pops and whistles that make a good system "great". We employ the latest techniques in the industry and provide a truly innovative solution.

SOFTDASH

The logo for SOFTDASH features the word "SOFTDASH" in a sans-serif font. "SOFT" is in grey and "DASH" is in a vibrant green. Below the text is a large, stylized green swoosh that starts as a thin line on the left, curves upwards and then downwards to the right, ending in a thicker, more pronounced curve.
